

## DIABOLICAL DEED OF AN ANARCHIST WHO KILLS PRIEST

### Shoots Father Leo at Denver While Clergyman Was Administering Sac- rament at Early Mass

### Assassin Hustled Away to Prevent Possible Lynch- ing---Came to This Country From Italy Three Months Ago.

Denver, Col., Feb. 21—Just after receiving the holy sacrament and still kneeling at the altar, Guarnaccio Guiseppa, an anarchist of New York and Chicago, shot and killed Father Leo Heinrich, priest of St. Elizabeth church, at early mass, Sunday.

The priest had just laid the holy wafer on his lips when, with a scream, the assassin spat it out, drew a revolver and fired through the sacramental robes into the heart of the father. Death was almost instantaneous.

When the realization of the horror came upon the congregation, penitents and worshippers were turned into a frantic mob, thirsting for vengeance.

For a time lynching was imminent, but the police and calmer spirits prevented this added horror.

The assassin's correct name was only discovered late last night. He formerly lived at No. 10 Waller place, Wakefield, Mass.

He declared that he had intended to kill four priests. He said that he had traveled all over the country looking for a suitable opportunity.

With a countenance expressing the contrition of repentance and the humility of a humble churchman, Guiseppa approached the altar with dozens of other communicants. Intent in his sacred work, Father Leo saw only in the man about to take his life the usual penitent. A woman was on each side.

Father Leo stood directly in front of the man. The priest placed the wafer on Guiseppa's tongue. Then, with an expression of disgust, the assassin spat it out, drawing his revolver as he did so.

A little altar boy saw the act. "Look out, father!" he screamed. Before the priest could move, however, Guiseppa placed the revolver almost against the sacramental robes and pulled the trigger. Father Leo fell prone in front of the altar.

"My God, my God," gasped the Franciscan.

With a scream of triumph described by the congregation as full of

## CHILICOTHE DESPERADO CAPTURED BY POLICE AFTER SCOURING COUNTRY

Chillicothe, O., Feb. 21—Ed Williams, the West Virginia mountaineer who killed Benjamin Swiger of Alva, W. Va., an old man who has been visiting him at his home on Vine street, and then escaped into the country with his three small children, is captured. He eluded the posse of police who had surrounded him at the four-mile basin in the old dry bed of the canal Saturday night, in the dark, by wading across a deep hole in the canal where some water was standing and carrying each one of the children across in turn. He then sneaked into a field and hid himself and the three children in a shock of fodder, where they remained until daylight, with the police scouring the country for them.

They made another break for liberty Sunday morning and were seen by the police going up the canal bank. Five officers came upon Williams suddenly and covered him, ordering him to throw up his hands. He did so, but started at once to take them down and had them almost to his waist when the officers shouted for the children to run, that they were going to shoot. With the thought of his children the desperado's hand went up again and he surrendered. He had the big 44-caliber revolver with which he killed Swiger strapped handy to his waist.

The three children were half frozen and if it had not been for a goodly

supply of extra clothing which Williams had brought along for them, they would never have survived the night. Williams had no heavy clothing on. His main garment being a pair of overalls and jumper. He had taken off his shirt and put it on one of the little girls.

The children are Beiva, aged 12; Mamie, aged 11, and the boy, Hillary, aged 1. The girl, Mamie, is weak and sickly and William carried her most of the way in their terrible flight. William was trying to get the children to George May, who lives on Dry run near Hallsville, a friend of his and a former West Virginian.

Man Under Arrest at Hot Springs will be Taken Back to Dayton to Answer for Crime.

Hot Springs, Feb. 21—Charged with placing the muzzle of a revolver in a woman's mouth at the Sickle Hotel in Dayton, Ohio, while he robbed her of diamond ear rings valued at \$1,000,

man supposed to be "Andy" Bruner, alias Edward Clark, is under arrest here and in custody of Detective S. B. Clark and Sheriff Rose of Montgomery county, Ohio, who have requisition papers for his return there.

The woman making the charge is Mrs. Nugent, proprietress of the Sickle Hotel at Dayton.

The man was arrested on a telegraphic description by Police Captain Lanford.

It is claimed by the Ohio authorities that the man has a police record, having served two terms in the Ohio penitentiary, one for robbery and the other for burglary. The authorities exhibited Bertillon records to this effect. They stated that he was one of the smoothest crooks in the country.

NEARLY ASPHYXIATED.  
Portsmouth, Feb. 21—Miss Fannie Shepley, night operator at the Bell telephone exchange, was nearly asphyxiated last night by day operators upon their arrival found all the doors locked and summoned the police, who forced an entrance, and discovered the girl unconscious on the floor. She had been overcome by the fumes of an overcharged gas stove and was revived with difficulty.

TO AID HARTJE  
Pittsburg Millionaires Will Assist in Fighting Conspiracy Charges Now on Trial.

Pittsburg, Pa., Feb. 21—Augustus Hartje, Jean L. Welshons and Clifford Hooe, the negro now serving a term of six years in the penitentiary for perjury, were placed on trial in the criminal court today on a charge of conspiracy to injure the character of Mrs. Mary Scott Hartje, wife of the first named defendant. One of the leading features of the trial will be the presence of Pittsburgh's most wealthy and influential business men, who will lend their aid to the defendant.

It is said now that more than fifteen of Pittsburgh's millionaires and at least 100 of the most prominent business men in and about the city, with whom Mr. Hartje is acquainted, will be present as witnesses and will testify as to the good character and honorable practices of the defendant. It is said that among the millionaire contingent will be Colonel J. N. Guffey and John B. Jackson.

When Hooe's name was called, Attorney Holmes announced that his client would waive right to be present at the trial. The prosecution objected to this but Judge McFarland ruled that the negro was privileged to remain away. Conspiracy charge is based on the testimony of Hooe during divorce hearing. Mrs. Hartje was not present.

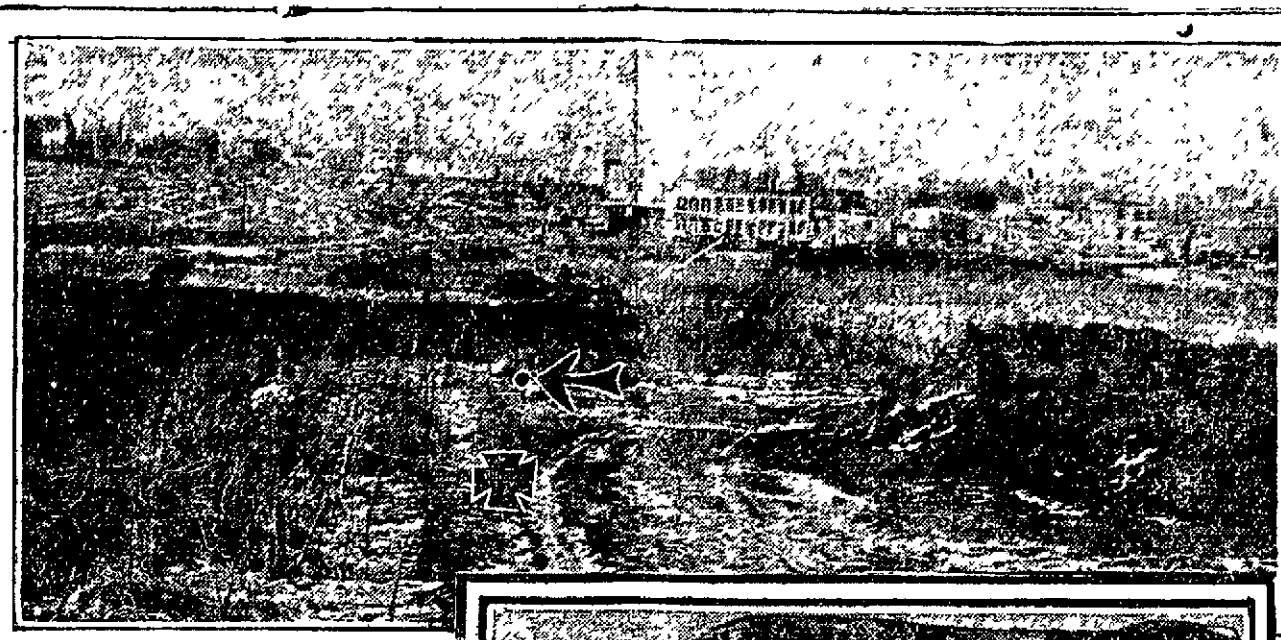

DYING FROM NOSE-BLEED.  
Bellevue, Feb. 21—Mrs. Alice Wright of West Mansfield became afflicted with nose-bleed three days ago and physicians are unable to stop the flow. They say she will die.

EVELYN THAW  
Has Not Visited Husband for Past Ten Days and Breach is Supposed to be Widening.

New York, Feb. 21—Harry K. Thaw entertained his mother and lawyer Peabody two hours yesterday afternoon at the Matinean State Hospital. They arrived there just after he returned from divine service. Thaw took part in the congregational singing. Mrs. Thaw leaned on the arm of her maid as she walked from the train to a carriage, which is heated for her special benefit.

Peabody would not speak for publication. The absence of Thaw's wife for ten days is taken as meaning there is a breach between them, despite denial of Daniel O'Reilly.

## SCENE OF THE DIABOLICAL SICILIAN MURDER

SCENE WHERE DISMEMBERED BODY OF ITALIAN WAS FOUND. WHERE HEAD AND BODY WERE FOUND. WHERE LEGS AND ARMS WERE FOUND.

PECULIAR DESIGN OF OIL CLOTH IN WHICH BODY WAS WRAPPED.

A man supposed to be "Andy" Bruner, alias Edward Clark, is under arrest here and in custody of Detective S. B. Clark and Sheriff Rose of Montgomery county, Ohio, who have requisition papers for his return there.

New York, Feb. 21—As penalty for incurring the vengeance of a Sicilian band of counterfeiters, Salvatore Marchino, recent of Palermo, was murdered in Brooklyn in a fashion worthy the barbarity of Chinese "slicers."

Dismembered and mutilated, presumably after the style prescribed by the oath of the organization, his body was found on a dump near Rochester avenue and Rutland road, in the Rugby district of Flatbush.

## BITTER SPEECHES MADE AGAINST PRES. ROOSEVELT AT SENATOR'S DINNER PARTY

New York, Feb. 21—A Washington Dispatch says:

Characterized as "abnormal" by Speaker Cannon, and as "dangerous menace" to the republic, by Senator Fulton, President Roosevelt was criticized with greater bitterness than has yet manifested itself in political circles here at a dinner given by Senator Ankeny of Washington. While care was taken not to refer to the President by name, the attacks were so pointed that all present recognized to whom the speakers referred.

Speaker Cannon in the course of his remarks declared that the present period of efforts to reorganize and reform conditions in the country was not unusual. "All who study the history of our country," he said, "will find that about every once in so often a period of abnormal activity led by an abnormal man develops. However, if the study is pursued you will find that the storm soon blew over and when the sun came out, we were still doing business at about the same old gait in the same old way at the same old place."

Senator Ankeny declared that in this case, as in the past, the people would soon awake to the "folly of the situation" and would cease following "false doctrines."

Senator Ankeny is a candidate for re-election and gave ample evidence of fear that news of the sentiments expressed might harm his chances if they reached his enemies in Washington.

While Speaker Cannon's attack was a surprise the bitter attack upon the

President by Senator Fulton, of Oregon, who has always been one of his constant defenders, declared the Republican party was face to face with the greatest crisis in its history; that unless the leaders of the Republican party rallied at once the country was doomed to be governed in the future by the whims of one man and would require many years to recover from the damages to its business and its policies. Next he declared that the Republican party was doomed to destruction unless the party leaders "prevented its domination by one man."

Urging them to ignore the President, he insisted that the only thing that could save the country and his party from destruction was the defeat of the purpose of a "single man" to rule both the party and the country after he had retired from office.

Vice President Fairbanks, who is usually mild spoken and seldom criticizes, was so far carried away by the Cannon and Fulton speeches, as to devote himself to the application of Washington's farewell address in his speech and to say that there never was a time in the history of the country that this doctrine of no third term for any President was quite so applicable as at present.

Senator Bourne of Oregon, the original third term promoter in the Senate, declared that the united and bitter attacks by all of the Republican candidates or their backers indicates clearly that the President will be nominated and that his enemies have been forced to fight him in the open.

## COUNTY OPTION BILL MAY BE RADICALLY AMENDED IN HOUSE BEFORE PASSAGE

Columbus, Feb. 21—The Rose county option bill is to come up for passage in the House on Wednesday, but greater doubt now prevails as to how the House will vote than at any previous time since the measure's introduction.

Many of those who voted favorably on the motion to make the bill a special order for next Wednesday do not favor the bill in its present shape, and at least two members of the committee who reported the bill favorably are in favor of amending it before it is placed on its final passage.

There are a number of members of the House who while favoring the spirit of the county local option bill are disposed to be fair and who think they will never vote for the measure in its present shape. Some of those who admit their sympathy with a fair local option bill go so far as to say that it is unfair to them to

put them on record at this time. They point to the fact that as passed by the Senate the Rose bill will not become operative until September 1 next. They argue that after September 1, every county in the state will be too busy with preparations for the November election to even consider an election under the Rose bill. They add that the cleaning up incidental to the November election will carry the same Board of Election well into December or January before consideration (and or will be given to a county to adopt an election.

There is also the fact that petitions against the signatures of 140,000 voters who are against the passage of the bill as against 41,000 who are in favor would seem to indicate that sentiment in favor of county local option is not nearly as universal as some of the friends of the

## LOOKS LIKE PROBERS WERE STRIKING PAY DIRT IN INVESTIGATION

### Will Clean Up Evidence in Trafficking in Teachers' Certificates Today and Take Up Alleged Political Ring

### Sensations Promised Before End Of Week---Does Cox Machine, of Cincinnati, Hold Sway Over Ohio Schools?

Columbus, Feb. 21—The Meek investigation Monday will clean up the evidence on trafficking in teachers' certificates and then enter into an investigation of the alleged political ring in school affairs. Members of the commission said Monday that a number of reported cases of immoral propositions are being investigated.

An affidavit on that line which Senator Meek claims to have will be introduced later in the week and a lady best qualified to give testimony, and now married, will be on the stand.

Superintendent A. F. Waters of the Georgetown schools, a month ago wrote Meek: "there are some very rotten things in granting of state certificates." His memory was bad when called today and he could not remember anything but rumor on which he could base that statement. When he remembered the conversation in which teachers were spoken of as sure of certificates, for having handled delegations to state conventions, he declined to name the teachers and three Republican members of the committee came to his rescue.

Explanation by Counsel Daugherty that an arraignment before the bar of the Senate and House for contempt would follow a refusal was necessary to induce Prof. P. M. Mills of the State Normal College at Athens to tell of a letter written by Examiner Miller of Lima to one Baldrige, of Adams county. The Miller letter stated to Baldrige, Mills said, "be sure to be up at the December examination," and "if you can change the date of your institute from the first to the second week in August, I will be with you." Baldrige received a life certificate. Questioned as to the political control of schools, Mills declared that a controlling ring is made up of Corson, Boyd, Pearson and a few others.

That the Cox machine of Cincinnati holds sway over Ohio schools was charged by Judge Milner of counsel for the committee in the examination of J. H. Snyder, chief clerk to School Commissioner Jones. That W. W. Boyd, dean of the state educational college, state inspector of high schools, and known as chief lieutenant of the state school boss, O. T. Corson, conferred with Rud K. Hy-nicka, in Cincinnati a week ago last Saturday, Snyder said he knew. His informant, he said, was a Cincinnati board of education member, James Robinson. Snyder said Corson had promised to support him for commissioner two years ago, but had withdrawn his support recently.

## COX MACHINE MEN ON THE LEXOW COMMITTEE

Senator John C. Drake, of Erie county, passed through the city Monday en route for Columbus. The senator has been spending Sunday at his home.

In an interview with an Advocate reporter, the senator of county local option fame, expressed himself as practically assured of the passage of the bill, stating that he felt confident that the bill would be passed without radical amendment.

Senator Drake was evidently very much exercised over the action of Speaker Eagleson, who on Friday appointed on the Lexow committee Vandusen of Huron, Welker of Stark, and Nye of Pike counties, to investigate conditions at Cincinnati.

Eagleson is openly charged with having gone to the Queen City and conferred with George B. Cox regarding the appointment of this committee, the first named two of which are Republicans, said to be members of the Cox ring.

Regarding this matter Senator Drake said: "I was very much sur-

prised at Eagleson's action in the Lexow committee appointment, and I think it shows conclusively that there has been a deal on between Cox and Taft. While I do not say that Taft was personally mixed in the affair, I am quite sure that his representatives were in complete touch with all that was going on."

## BOMB THROWERS

### Are Still Busy in New York—Two Children Injured This Morning by Black Handers.

New York, Feb. 21—The police of Brooklyn have received orders to scour the lower Morgan avenue district for a nest of Italian Black Handers and murderers. This morning they hurled a bomb at the music store of Peter Licata, a rich Italian, tearing out the entire front of the building and sending a shower of plaster over the sleeping family. Two of the Licata children were injured. This is the third time the Licata place has been attacked in the same manner, each time following the receipt of blackmailing letters, which he ignored.

## HITCHCOCK

### WILL NOT HAVE TO FACE THE CHARGES FOR AT LEAST A WEEK LONGER.

### Justice Dowling Grants Continuance on Request of Defendant's Attorney.

New York, Feb. 21—The trial of Raymond Hitchcock, comedian, against whom there are six indictments charging abuse of young girls, was continued before Justice Dowling in the criminal branch of the Supreme court today for one week. Former Justice D. Cady Herriek, representing John B. Stanchfield, who was engaged to defend Hitchcock, presented a number of affidavits to Justice Dowling and explained that Mr. Stanchfield is engaged in Federal court, and asked the postponement. Justice Dowling, in granting postponement, said he did so because he recognized Stanchfield as a bona fide lawyer. He deprecated granting the continuance, however, to the defendant, who suited his own convenience about returning to face trial, as tending to establish a dangerous practice. Assistant Attorney Garvin did not vigorously oppose the continuance.

OLDEST ERIE CONDUCTOR DIES.  
Marion, Feb. 21—Joseph Dill, 60, the oldest conductor in point of service on the Erie railroad, died yesterday at a Chicago hospital, of pneumonia. He ran one of the first trains to be operated between this city and Chicago.

## DERAILED TRAIN

### On the B. & O. Carried Millions in Gold—Express Men Dispatched to Wreck.

Cumberland, Md., Feb. 21—It was not generally known that B. & O. Passenger train No. 9, from Baltimore to Pittsburgh, which was wrecked at Salisbury Junction Saturday, had on board over \$1,000,000 in cash.

The money was being shipped by express to Pittsburgh to pay off the men in the mill district. Express men were dispatched to the scene of the wreck and they saw that the money reached Pittsburgh in safety.

The wreck was caused by a broken rail. Dr. Rudolph Leonard, of the University of New York, who was injured was able to fill a lecture appointment in Pittsburgh.

### AMUSEMENTS

#### AL. G. FIELD MINSTRELS.

Among the many singers that A. G. Field has with his greater minstrel show this season may be mentioned John C. Dickens, an eminent baritone, who has made a study of sacred

who has delighted audience on both sides of the Atlantic, has left the concert stage for the broader field of minstrelsy and is with Mr. Field. V. Alter, Sherwood, whose clear, sweet tenor was heard to advantage in sim-

old time minstrelsy. The Al. G. Field show will appear at the Auditorium Tuesday evening, February 25.

#### THE MAYOR OF LAUGHLAND.

Tom Waters, who is appearing this season under the direction of Fred G. Nixon-Nirdlinger, has the reputation of being the "somewhat different" Irish comedian. Singularly enough he is not an Irishman at all, but a Welshman. Mr. Waters as Michael Laughland, is really a lovable person, with none of that grotesqueness of make up that so often distorts rather than accentuates the peculiarities of the Irish physiognomy. In other words I. F. G. V., the Mayor of Laughland, is our true, fun loving, free-hearted and tree-handed son of the old son, who is ready to take a joke as well as perpetrate one. "The Mayor of Laughland" is at the Auditorium tonight.

#### ISLE OF BONG BONG.

B. C. Whitney's famous "Isle of Bong Bong" now doing Southern Michigan time, has just closed a quick contract with Manager E. T. Johnson, of the Auditorium theater, and will appear here next Saturday night.

#### HOMEWARD BOUND.

The Americans departed Sunday for "home." Home, to the Americans, is Canton, O. where the company organizes and disbands for the season. Dr. March, proprietor of the company, who has been in the city throughout the past week, overseeing the performances, returned home early Sunday morning. The company will appear in its home city this week.

After a week of the most successful presentation of repertoire productions here, the Americans departed, having renewed old friendships, and with it the desire to have the company return to Newark at its earliest opportunity.

### MANAGER BAUM'S FATHER DEAD

During Mr. Baum's absence the Orphium will be in charge of Harry Eldon.

Manager Arthur J. Baum of the Orphium theatre, left Saturday for Saginaw, Mich., having been called there by the death of his father, who has been seriously ill for some time past.

During Manager Baum's absence, the theatre will be under the able direction of Harry Eldon, who has just returned to this city after having closed an engagement with the Keystone Dramatic company, which has been playing throughout the South. Mr. Eldon, it will be remembered, was one of the first to be interested in the equipping of the Orphium when it was first opened and was for a long time connected with the house in various capacities. He is a capable man, well up in the show business.

Manager Baum has not yet learned who his successor will be when he leaves here next month to take up his new position at Zanesville.

#### BOY SHOTS HIMSELF.

Davon, Feb. 24.—"Do you dare me to shoot me?" said Otto Brisch, aged 13, to a companion while the two were playing with a .38 caliber revolver in the boy's home in a suburb last evening. A moment later, without waiting for a reply, he pulled the trigger and fell dead with a bullet in his heart.

The coroner pronounced the tragedy an accident, and said it was simple foolishness on the boy's part.

### GRANVILLE

Granville, Feb. 21.—The last regular meeting of the Denison Scientific Association was held in the lecture room of Dr. Coghill. The program was in charge of Prof. Brumback, who gave an interesting talk about the cotton seed industry. The discussion was illustrated by a reflectoscope which reflects directly onto the screen the object or engraving desired to be shown. The next meeting of the association will be held on Thursday, March 5, and will be in charge of the Department of Engineering.

John W. Beattie, D. U. '07, director of music in the Xenia high schools, spent Saturday and Sunday in Granville.

Walter Rankin enjoyed a visit from his father over Sunday.

Mr. and Mrs. Charles Manning of Hamilton, O., who have been visiting relatives here for the past few days, have returned home.

Willis Henderson, a popular young business man of Cleveland, spent Sunday with friends here.

Miss Annie Beatty, teacher in the Gallipolis High school, was present at the Chi Psi banquet Saturday evening and was entertained by the Phi Gams at Sunday dinner.

Miss Florence Beckel of Columbus, visited friends in Granville during the past week.

Dr. A. S. Carman of Denison University, Granville has just returned from Cleveland where he has been attending a rally of the Ohio B. Y. P. U. and also making arrangements with Dr. F. H. Stillwell, pastor of the First Baptist church for the annual spring conference and Retreat of the Ohio Baptist ministers to be held in Granville March 29 to April 1. This meeting was held in Granville last year and was largely attended and exceedingly interesting.

### Begin Right

For all forms of nervous diseases take Dr. Miles' Nervine, whether it be simple nervousness, or those nerve destroying fits and convulsions. It is a tonic for weak nerves—It will restore nervous energy, and give strength to the entire system.

"In 1898 my little daughter was stricken with paralysis of the brain. For seven long weeks she lay like one dead. At times she would rally, and spasms would follow. I had the service of two of our best doctors and they could do nothing for her. At times it would take two persons to hold her in bed, and for seven days and nights we had to keep her little head packed in ice, the pain she suffered was so severe. Mr. Frentice, the druggist advised Dr. Miles' Nervine. I got a bottle and began giving a teaspoonful every two hours. After about ten days she began to quiet down, and within two weeks' time she could sit up in bed, and rapidly improved from that time. We have given her about twenty-five bottles of Nervine along with the Nerve and Liver Pills, and to-day she is well and healthy as ever. My wife and I were completely worn out; staying up nights with our little one during her sickness, so we began taking the Nervine ourselves, and with the very best of results."

**CONTROLLED BY THE FEW.**

Senator La Follette says that seventy-six men, holding 1600 directorships in the great business concerns of the country, control the business of the nation, and that the railroads are controlled by eight men. No wonder the last Republican National Convention refused Senator La Follette a seat in that convention, and that there is an evident conspiracy to keep him out of the coming convention. The Republican machine does not allow such home thrusts to be made by those labeled Republicans.

The reduction of the Philippine tariff has been shelved in Congress, through the efforts of the Sugar and Tobacco Trusts, and yet President Roosevelt and a Republican Congress are intent on making people believe they are fighting the trusts.

**MORGAN AND ROCKEFELLER**

The "interests" that inspired the Aldrich currency bill will hardly know it when the Senate gets through with it. "Whatever the minor eccentricities of its variegated texture," remarks the New York Journal of Commerce, "one vicious pattern will run all through it. It will provide for an emergency addition to the regular volume of currency, secured by a deposit of miscellaneous bonds and heavily taxed. This will be a mere exaggeration of the radical defect of the existing system, gathering the corrupt humor, with which it is infected into a morbid everescence." This severe criticism from the leading business and financial newspaper of the country, should cause a Republican Congress to pause before it farther complicates our cumbersome financial structure by makeshifts.

In celebrating Washington's birthday the student of history and observer of conditions could not help contrasting differences in American periods. In Washington's day a handful of men fought against taxation with-

out representation, of one kind only. And now eighty millions of men submit to that taxation without representation, and to at least forty different kinds of taxation by forty different trusts.

And now comes the announcement that Edward H. Harriman, the big railroad magnate and Wall street stock gambler, is to be a delegate to the Republican National convention. It will be remembered that Harriman was conspicuously singled out by Roosevelt a few months ago and denounced as a "liar" and an "undesirable citizen."

We would give something to know whether or not all of those of our fellow citizens who, in 1904, whooped 'er up strong for the "full dinner pail" will, next fall, be found shrilly shouting for the Teddy "bare" cupboard.

**REPUBLICAN LEADER WHO THINKS TAFT CAN'T BE ELECTED**

Editor Ohio State Journal:  
For the last six months I have noticed your editorials in regard to the primaries, etc., as to the delegation from Ohio at the next Republican convention. As your paper is a warm supporter of Taft for the nomination and you appear to take some pleasure in deriding Senator Foraker, I would like to call your attention to a few things that the common people of the state are debating at present.

In the first place, the liberty loving people do not like the position that President Roosevelt has taken in regard to the candidates and think he should keep hands off. Next, the depression in business, which has thrown thousands of men out of work and compelled their families to live in want, is laid at the President's door. His continued agitation in regard to what he terms criminal business methods is ill-advised and senseless. While there is no doubt but what some corporations and men have gotten wealth unfairly, there are legal ways to go after them without throwing the whole country into turmoil and making the working people bear the brunt of the battle. The wealthy man can sit back and look on, but the poor devil, with a family to feed, rent to pay, clothes to buy, must have work and a pay day. The Republican press of this country will find one of the greatest land slides this fall that has ever occurred if Taft is nominated. He does not stand well with the laboring people, with the colored people or with men that have money to invest, and Teddy will be shown what is what and who is who. He has handled the big stick for the last three years, but you can gamble that the people cannot be fooled all the time. The hip-hoorah man can hold

the stage for a while, but common sense must prevail in the end. I voted for President Roosevelt at the last election, but cannot do it again, and I find the sentiment growing. The Democratic press will be very quick to place the issues on what affects the personal welfare of the greatest number of people. Governor Hughes, Cannon, Foraker or any good level-headed Republican would poll a much larger vote than Taft. If Roosevelt should run again he would be buried alive. E. W. JENKINS, Mansfield, O., Feb. 17.

Sunday was certainly a very busy day for Evangelist Shannon, besides an early morning prayer meeting which he attended. He spoke five times commencing with a talk to the Sunday school of the United Brethren church. He next preached to a large congregation in the same church at 10:30 a. m. Then again in the afternoon at 2:30. Next he conducted a Bible reading at the Y. M. C. A. at 4:30, and back again to the United Brethren church at 7, where he preached to an audience that taxed the capacity of the church.

Rev. Mr. Shannon will preach every evening during the week and every afternoon except Monday and Tuesday. Professor Flora will direct the singing on Tuesday, Wednesday, Thursday and Saturday nights and the United Brethren and Aerial Male quartettes will sing from time to time. On Friday night Rev. Mr. Shannon expects to give his great address, "The Waterloo of the American Saloon."

**CHARGED**  
With the Theft of a Diamond Ring, Max McCann Was Arrested This Morning.

Charged with taking a diamond ring from a B. & O. telegraph operator, February 10, in a saloon on South Second street, Max McCann was arrested at his home at 3:30 o'clock this morning by Officers Donley, Chester, Moore and Lining. The officers surrounded the house and made the arrest fairly before McCann knew they were thinking of nabbing him.

The operator inhaled in Newark late one night and went to the saloon intent on hunting a drink. He found it and also McCann, who, he claims, took a diamond ring valued at \$50 from him and refused to return it. He hunted up Chief Zergiebel the next day and on advice of that officer, he went before the mayor and swore out an affidavit against McCann.

The accused man has been "laying low" and the officers who have been watching for him only succeeded in making sure of him last night. The operator, who has left town, has been notified and on his return McCann will be brought out for trial.

**POLICE COURT.**  
Police court was large and varied this morning, but in most of the cases the prisoners were simply victims of the jag. While one or two were pinched with Sunday morning hang over, the majority of the cases were of the Saturday night variety. Patrolmen Chester, Burke, McClure Greeley and Brown were credited with the arrests of the intox cases.

Two men, each drunk, and each arrested on complaint of his wife, were given the usual dose reserved for such cases, one being handed a suspended jail sentence of 15 days.

Thomas Sweeney, a railroad worker from Bradford, and George McCormick, a brass molder from Louisville, were arrested Saturday night on suspicion by Officer arroll, who saw them talking to prisoners in the county jail. They were fired out of town this morning.

CELEBRATE

Fortieth Wedding Anniversary With a 6 O'Clock Dinner—Music and Progressive Pedra.

On Thursday evening, Mr. and Mrs. John R. Ellis quietly celebrated their fortieth wedding anniversary with a six o'clock dinner. The rooms were decorated with hearts, strings of them extending from the chandelier to the corners of the dining room. The table with its snowy linen, red candles and shades made a very pretty scene. Music by the graphophone and piano, rendered by Miss Grace Keenan, was greatly enjoyed by all.

During the evening progressive pedro was played, the first prize being awarded Mrs. Edwin Jordan and Mr. W. J. Henderson, while Mrs. Arthur Williams and Mr. J. R. Ellis secured the consolation prize. The out of

town guest was Mrs. Taylor, formerly Miss Hadden of Pennsylvania.

HAT PLUME CATCHES FIRE.

Dayton, Feb. 24—A nodding ostrich plume which surmounted the hat worn by Mrs. Ralph T. Allen was the agent that involved headgear and the wearer in a fire in a drug store in this city yesterday. Mrs. Allen, who was near a cigar stand in a store, got too close to the cigar lighter. The plume touched the gas jet and instantly was aflame. The blaze encircled Mrs. Allen's head and the hair was burning when a bystander knocked the hat from the woman's head.

# GAMBLER BOASTS OF HIS CARD GAME To Police And Threatens Them---Is Arrested, But He Didn't Shoot.

## Tom Wharton Arrested At Union Cafe Saturday Night---Beer Glass Thrown At Officers ---Case Tried Tuesday.

"Going to close gambling up, are you? Well, I'm going to have a little game tomorrow night, now you come over and stop it. If you go breaking in the door, I'll put a bullet hole in you," said Tom Wharton, swaggering up to Officers Burke and McClure Friday night. The officers went over to Wharton's place at the time named by him, but not a bullet hole is to be found in their bodies. On the other hand the boaster after being properly arrested, is out on bail and doubtless will "get his" good and strong Tuesday afternoon when his case is called.

For some time past Wharton has been loafing around the Union cafe owned by Taylor Bros., and situated on South Park Place, and he suddenly decided to defy the edict of the mayor, who issued orders to close up any gambling that might exist in Newark. Saturday evening passed and as the police did not show up Wharton told his companions how he had bluffed the police department to a stand still.

At 11:30 o'clock the doors opened and Officers McClure, Burke, Greeley, and Chester, entered the saloon but not a gun cracked as had been promised. Instead all that was heard was an insulting remark that a young lad made to Officer Burke. He was arrested promptly and as the officer was taking him through the door a beer glass came hurling through the air. It didn't hit anyone, but as Wharton was the only man behind the bar, and as he had a glass in front of him, the officers think he is the one that threw the glass. During the excitement that followed the throwing of the glass, Wharton disappeared and it was a couple of hours later that he was arrested.

His case was called this morning and he was meek when he faced Mayor Atherton, and all his bragging manner had vanished—at least he left it in his cell when he faced the mayor. At 1 o'clock it was continued, and then continued until Tuesday at 1 o'clock, when many witnesses will be examined.

Wharton, according to the police, has had rather a checkered career and has been forced to leave several towns owing to a bad reputation. Since he has been in Newark he has made the Union cafe his "hang out," and has been the cause of more or less trouble around there. The saloon has been watched by the police for some time owing to the number of minors they claim have made a habit of loafing around there, drinking and playing pool. The proprietor will probably be warned that these minors will have to keep away or the place will be closed up.

COURT NEWS

Tax Collection.

County Auditor J. N. Wright and County Treasurer C. L. V. Holtz were to Columbus Monday to make their annual settlement with Auditor of State W. D. Guider. The total net collection which represents the first half of the tax for 1907, exclusive of dogs, amounts to \$333,686.98. The net collection on dogs amounted to \$3,729.02. The state's share of the money collected is \$19,339.36, while the heaviest levy for any one fund is the school fund, amounting to \$113,664.59.

Suit for Divorce.

Jay C. Hurlbut has commenced suit for divorce against Mary C. Hurlbut in the Probate court. He says he was married to the defendant on April 7, 1903, and that no children were born of the marriage. For cause of action he charges his wife with gross neglect of duty, extreme cruelty and habitual drunkenness. He says that against his entreaties she has made it a custom to visit low drinking saloons at night and remain as late as 2 o'clock in the morning. Smythe & Smythe are the attorneys for the plaintiff.

Interior of Jail to be Repainted.

The county commissioners awarded the contract for the repainting of the inside of the county jail today. There were eight bidders, the lowest being C. W. Fox, \$629.10. It was awarded to him.

Inventory to be Corrected.

The Probate court had a hearing Monday on the exceptions filed in the inventory in the Probate court in the estate of Rebecca Moats, deceased. Wallace Moats, the executor, who is a son of David Moats, deceased, claimed that all the articles of personal property in schedule D, except the cupboard, belonging to Rebecca Moats, were the personal property of the executor, and had been improperly inventoried in the estate as belonging to Rebecca Moats. The evidence sustained the contention of the plaintiff, and the court found that the property in schedule D, except the cupboard, was the property of Wallace Moats and had been improperly inventoried and appraised as the property of Rebecca Moats, deceased. The court ordered the inventory to be corrected to that extent. T. L. Kina, attorney for the plaintiff.

That Five Cents

There are thousands of people who want **Maple-Flake** and don't get it, because it costs 15 cents. They cling to the 10-cent foods. They are wronging themselves. They are going without the food that they like best—without the maple flavor. And they are losing far more than they think that they save. Let us explain.

First, let us figure rightly. Let us include the cream. Add the cream cost to the food cost and see how trifling the difference between one and the other.

Then think of this: We spend 96 hours in preparing **Maple-Flake**, while flakes can be prepared in from 18 to 20 hours.

Do you suppose we would spend those extra 76 hours without a vital reason?

Would we be likely to add more to the cost than we know that we add to the food value?

Six hours are spent in steam-cooking. Then the wheat is cured. Then each separate berry is flaked so thin that the full heat of the oven can reach every atom. Then we toast, for 30 minutes, at 400 degrees.

We derive our delicious flavor by cooking the wheat in pure maple syrup.

The purpose of our long process is to make all the starch soluble. For starch is the main part of wheat. The granules of starch must be separated, so the digestive juices can get to them.

A food cooked half so well digests about half so well. The balance is wasted—and worse. It ferments and breeds germs. It is poor economy to pay for food that cannot supply you with nourishment.

Maple-Flake is the one food that's all food. The only food served in individual packages in hotels, clubs, cafes, and on dining cars.

# The EDISON PHONOGRAPH

**W**HEN you go to a theatre you must take the good with the bad—you have no choice. With an Edison Phonograph you can make your own programme—select only the music, songs and sketches that you want to hear, have as many encores as you please, as long a programme as you please and intermissions when you have a mind to take them—you have the best talent at your instant command.

There is a dealer near you who will show you the new Edison model with the big horn, or we will mail descriptive catalogue.

## March Records Out Tomorrow

Of what use would it be to produce a Phonograph as perfect as the Edison if there were no Records good enough for it? We make not only the Edison Phonograph ourselves, but we also make the Edison Records, perfectly adapted to the Edison Phonograph. The combination gives the greatest amount of entertainment that you can get by investing in any one single instrument. Hear these new Records today:

## POSSIBLE

LINE UP OF THE NEWARK TEAM OF OHIO STATE FOR COMING SEASON.

## TWO OLD PITCHERS

Will Probably be on Staff—Molders Practically Intact—Contract to Scotty Winters Today.

While fans are wearing their brain works out trying to figure out the possible line up for the Molders for the season, Berryhill is busy on the firing line, shooting contracts to coming players. But Manager Bob is not saying much, and the directors of the local club are in the dark concerning his actions.

There is a big possibility the following will be Newark's line up for 1908, but changes are liable to occur. At the present time the team looks this way:

First base, Gygli.  
Second base, Murray.  
Shortstop, Dowling.  
Third base, Whitten.  
Catcher, Smith, Winters, Currie.  
Right fielder, Abbott.  
Center field, . . . . .  
Left field, Snyder.

Pitchers, Webb, Locke, Beeman, Currie, Sadler, Elston, Koehl.

"Lefty" Webb and Frank Locke as pitchers are more than possibilities, for Newark has them on her reserve list, and if they want to play ball they will have to wear the Molder uniform. "Lefty" first, blew into the limelight several years ago when he played with Mt. Vernon, when that city was in the old Independent league. Locke, who has been with Lancaster, is too well known to Newark fans to need much of an introduction. With the exception of these two twirlers the other men are "comers" according to reports, and will get their first chance to make good in league ball.

There is a big lot of satisfaction in the thought that when the season opens that the majority of the players are the old and tried men who almost landed the pennant last season. While the other teams of the league will count on an almost new team, Newark will be practically intact. Almost every day Manager Bob lights a big cigar and looks over the baseball horizon, and then another contract goes shooting through the many hands of Uncle Sam and some new man stands just that better chance of scampering around the four bases of Wehrle park.

Scotty Winters had his contract mailed to him today, and now the directors are wondering just how long it will be before the pink paper is returned.

The meeting called for Friday evening failed to materialize so it will be held this week and some important questions settled.

## STOUP TO NEWARK

Joe Stoup, formerly of the Molder aggregation, and whose work on the firing line last year was much appreciated by the fans, has been sold to Newark, N. J., by the Detroit club. Stoup was drafted by the Tigers at the close of last season. His many friends wish him all kinds of success in the new Newark team.

**NEWARK DEFEATS MANSFIELD.**  
The Newark High school basketball team played rings around the Mansfield boys Friday night and won their game 19 to 14. A big crowd turned out to witness the game and a number of Newark rooters went to Mansfield with the team. Newark lined up as follows: Perry, rg, Jackson and Ramsey lg, Black c, T. Lewis lf, F. Lewis rf.

Fortune Ranges at Keller's.

## ZANESVILLE

Defeated by Doane Academy Saturday—Reception for Visitors Follows the Game.

Granville, Feb. 24—Thirty-one to 23 in Doane's favor at the end of the game, and 23 to 15 at the close of the first half, tells the story of one of the hardest fought battles of basketball ever played on the floor of the Academy. Saturday night the Zanesville High school team, acknowledged to be one of the fastest in Central Ohio came to Granville, accompanied by a large delegation of young ladies, confident of winning the game which was played before the largest and most enthusiastic audience ever assembled in the hall. The rooters who accompanied the Zanesville team numbered about 70, and the Granville young men and young women did all in their power to show the visitors a good time. A reception was given by the Senior class of Doane academy in honor of the Zanesville Senior class at Doane gymnasium. During the reception Mr. Miller, president of the Senior Academy class, welcomed the visitors, which was replied to by the principal of the Zanesville High school, Mr. Ira Painter. This was followed by a vocal solo by Fred Wolfe and a piano selection by Miss Marie Porter. After a short talk by Dr. Hunt a grand march was had, which closed the strenuous day for the Zanesvillians.

The man who is fond of seeing his name in print might frequently consult the city director.

## GRAND CIRCUIT

Of Kennel Clubs May be Formed Next Season—Newark Placed With Big Cities.

The success of the second annual dog show of the Gold Medal club was such a success that it has practically assured a repetition next year. Everybody from the spectators to the exhibitors, were well pleased and the show next year will be more extensive.

At a meeting Saturday evening Chester Sands, president of the Columbus organization suggested that the kennel clubs of different cities form a grand circuit. This was well received and probably will be followed, in that case sequent shows will be held in Indianapolis, Port Wayne, Terre Haute, Cincinnati, Columbus, Dayton, Newark, Cleveland, Erie, Pittsburg. From there the dogs will be taken to New York City and Boston.

## ELKINS LAW NOT REPEALED, SAYS SUPREME COURT

Washington, Feb. 24.—That the Elkins law was not repealed by the Hepburn rate law was decided by the Supreme court of the United States today in the case of the Great Northern Railway company, which was found guilty and fined under the Elkins law in the court below, for granting rebates to the W. P. Devereaux company of Minneapolis. This knocks out one of the Standard Oil company's contentions as to why it should not be required to pay its \$29,240,000 fine for accepting rebates.

## FATHER PAUL'S INFLUENCE FAR-REACHING.

FATHER PAUL

New York, Feb. 24.—In a weather beaten priory atop of a mountain across the Hudson River from West Point lives Father Paul James Francis, whose sole ambition in life is to bring Christianity to accept the

Bishop of Rome as the prime.

Father Paul's influence is far-reaching. In his mountain home he publishes a magazine devoted to his ideal. Once in a while he sallies forth in the garb of a Franciscan

monk and preaches on his hope of unity.

Evidences of this man's influence are said to have appeared in half the Episcopal dioceses in the United States.

## COUNTY OPTION

(Continued from Page 1.)

Rose bill would have the people believe.

In addition to this showing that much the larger number of signatures are against the county option bill, it is claimed that a much larger proportion of signatures against the measure are legal voters than the signatures of those who are on the petitions for the Rose bill.

There is a sentiment growing among some members that it would be more fair to have the measure postponed for action by the next Legislature, so that it can be made a direct issue in the election of members of the General Assembly.

It is said that an amendment will be offered in the House requiring that the number of signatures calling for an election in the county shall be 10 per cent of the qualified electors of the county instead of 35 per cent as now provided by the bill. As the local option law requires the signatures of 40 per cent of the qualified electors, it is argued that this amendment will be just and fair.

A still more important amendment will be demanded and urged that the signers to petitions for elections to be held in counties under the proposed law shall give their actual addresses or places of residence, so that there shall be no room for fraud by or sending petitions padded with fictitious or absurd names.

This amendment, if adopted, will require the same specific designation of the signer to a petition as is required of a registered voter.

There is evidence abroad among members who have all along favored county option that the bill should be

amended so as to be fair in its provisions to all concerned.

In this same connection members are manifesting more courage than when the bill was first introduced. Since there is a showing that the question is not confined to a division of sentiment between saloon-keepers and the anti-saloon league. There are other large interests and considerations that are commanding attention.

A really serious objection which has been raised against the Rose bill as it passed the Senate is that provision whereby votes in counties which have been voted wet under Jones petitions or the eBall or township local option laws shall become dry under the county local option elections which vote counties dry.

While dry districts shall remain dry, notwithstanding the county may vote "wet" under the Rose bill. It is claimed that this clause of the bill, if allowed to stand, will surely render it unconstitutional, for the reason that if passed by the onHse in the present shape the bill will not be of "uniform operation"—a ground upon which the Supreme court has already upset innumerable laws bearing the tinge of special legislation.

## PORT ROYAL DOCKYARD MAY BE RE-OPEN.

PORT ROYAL, JAMAICA. PART OF DOCKYARD IN FOREGROUND.

Kingston, Jamaica, Feb. 21.—The island is believed to be connected with the matter. He is returning to England, it is stated, to make a report. The reopening of the yard, it is hoped, will be followed by an increase of the fleet in these waters. The government is arranging to

construct a strong fort for the re-creation of 9-inch quick-firing guns to guard the east channel approach to Kingston in place of the Victoria Battery at Port Royal, which was wrecked by the earthquake.

The reopening of the navy yard will be hailed with delight.

## PAST CHANCELLORS

Hold Big Meeting at Zanesville—Judge E. M. P. Brister Elected President.

A dispatch from Zanesville regarding the meeting of the Past Chancellors' Association of the 19th Pythian district, which was held at the Rego hotel in that city, says:

"The meeting was one of the most successful held for several months. The routine business was transacted and the officers for the ensuing year were elected.

The new officers are: President, Judge E. M. P. Brister of Newark; treasurer, S. H. Flemin of Zanesville; secretary, C. H. Highfield of Zanesville; sergeant-at-arms C. H. Hanks of Adamsville. The new officers will take up their duties at once.

The newly elected president is one of the best known Knights of Pythias in the district. He has taken an active part in the affairs of the lodge and the association at Newark, and will no doubt make a good president. He was unable to be present at the last meeting, but he will be notified of the honor conferred upon him.

The next meeting of the association will be held in Newark on the first Thursday in May.

## BRIDESMAID

Of Fifty Years Ago Was Present at Golden Wedding Anniversary of Mr. and Mrs. Fleming.

The celebration of the golden wedding of Mr. and Mrs. Hugh A. Fleming, which occurred Saturday at the home of their daughter, Mrs. Dr. D. H. Miller, at her residence, corner of North Fourth and Locust streets, was an event long to be remembered by the family and large circle of friends.

Among those present were Mrs. Lucy Ellen Fleming, who was bridesmaid at the wedding 50 years ago, Mr. and Mrs. W. W. Wintermute, of Mr. Vernon who were present at the wedding and Mr. and Mrs. J. S. Parnell, who celebrated their golden wedding two years ago.

The house was cleverly decorated with carnations and jonquils. To these were added yellow roses at the bride's table. The place cards, the letter "F" in gold, were done by a granddaughter, Miss Lillian Miller. There were over 100 guests present, including the following from out of the city:

Mr. and Mrs. W. W. Wintermute of Mt. Vernon, Mr. and Mrs. Henry Martin, Granville, Mr. and Mrs. J. S. Gillespie, Zanesville, Rev. W. W. Miller of Granville, and Dr. and Mrs. E. O. Arrison of Paraskala.

Seated at the bride's table were Mr. and Mrs. W. W. Wintermute, Mr. and Mrs. J. S. Parnell, Rev. Mr. Miller, Rev. and Mrs. Trout, Mrs. Lucy Ellen Fleming, Dr. and Mrs. D. H. Miller and the bride and groom.

## CARS COLLIDE

ON TRESTLE NEAR CAMBRIDGE ONE KILLED AND SCORE INJURED.

Mr. J. H. Smith of This City, Witnessed Distressing Scenes and Assists the Injured.

Cambridge, O., Feb. 24.—More than a score of people were seriously hurt, some, it is thought, fatally, in the wreck on the interurban road Sunday morning.

Rose Clancey, aged 18, of Guernsey Mines, was instantly killed.

The performance "Coming Through the Rye" had just closed at the Colonial theatre, when the crowd jammed both the Byessville interurban and city car, the former taking the lead.

Just after passing the city limits on the south there is a steep grade, and while going down this rapidly a drunken passenger, it is alleged, who was on the rear platform of the Byessville car, pulled off the trolley and the car was brought to a stop on a trestle alongside the Cambridge Glass Plant Works. The motorman on the city car following did not see that the car ahead was standing still until too late, and when the crash came he was thrown headlong between the cars.

Five people who were standing on the platform were crushed by the timbers and one was thrown 30 feet into the creek below. But the car remained on the track. Conductor McCulley, on the city car, though injured, ran to the city and notified traction company authorities, and a special car with physicians was hurried to the scene.

Heroic work was done in disengaging the injured, who were brought to the city and taken to the hospital or their homes in ambulances.

One victim, Catherine Chaney, although both legs were crushed never uttered a moan and witnessed her sister's death a hour losing her remarkable nerve. Her injuries were thought to be fatal, but because of her courage physicians say she will live.

Mr. J. H. Smith of 44 Wilson street, this city, was a witness of the distressing scene following the dreadful street car accident in Cambridge Saturday night. Mr. Smith was visiting rela-

tives at that place and took a city car to the East End at shortly after 11 o'clock. It was the car ahead of him, on the same line, that met with the fatal accident. He described the scene as one of horror. Passengers from the car on which the Newark man was riding, were thrown into a panic but soon realized the situation and combined their efforts with the uninjured occupants of the first car, toward assisting the injured persons to places of safety.

## ENGINEER

Fell From Engine at Utica This Morning While Oiling the Air Pump.

Frank Singleton, 38, a B. and O. engineer, living at 30 Cedar street, was injured at Utica Monday morning by falling from the running board of his engine while oiling the air pump.

He was running an east bound freight, second 34, and while his train was standing on the siding he walked out on the running board and slipping fell eight feet to the ground. His right hip and his left arm were badly injured by the fall.

He was placed in a caboose and when his train reached this city the ambulance of Criss Bros. & Jones met at the East Main street crossing and took him to his home.

## JUDGE E. M. P. BRISTER

DELIVERS INSPIRING ADDRESS TO Y. M. C. A. JUNIORS AT SUNDAY MEETING.

Speaks on Life of Washington and Lincoln and Advises Boys to Emulate Them.

After giving an interesting account of his own experience during the Civil war as a "printer's devil," at the Junior Y. M. C. A. meeting Sunday afternoon, Judge Brister proceeded to speak of February as the most noted month of the year on account of its being the month in which Washington, the father of his country, and Lincoln, the savior of his country were both born, the latter on the 12th of the month and the former on the 22d.

Washington, he said, was born and reared amid the most favorable circumstances and the greatest advantages that the country afforded at that time, while Lincoln was born in a log cabin in the forests of Kentucky, and during all his early years was subject to abject poverty. But both these illustrious men made the best of the situation and the best of the talents which God and Nature had given to them; and thus Washington qualified himself for the great task of leading the American army through the Revolutionary war and presiding over the nation in its infancy, while Lincoln prepared himself for the great task of guiding the country through the crisis of the Civil war and estab-
